## WELCOME and ENJOY!

Welcome to Carlisle Barracks, Pennsylvania. It may look small but this area offers so much for you and your family whether you are here for just one year or longer. The Newcomers Guide has been developed by Army War College spouses to make the learning curve a little shorter – since we are in and out of here so quickly it helps to have the “heads up” to once a year events and good places to go.

This guide is not an endorsement, nor an advertisement, but full of recommendations made by students, spouses, residents and “people in the know.” It should be used in conjunction with the Carlisle Barracks and USAWC website: <http://www.carlisle.army.mil> and the ITR office on post. All have a lot of information to share, as does the Carlisle Chamber of Commerce (downtown at 212 N. Hanover Street, 243-4515). Read this guide NOW to get a feel for what is waiting for you and call 1-800-VISITPA to receive a wonderful packet of information about seeing Pennsylvania. Once you arrive on post, life gets hectic and you won’t want to miss a thing! All phone numbers in this book, unless otherwise listed have a 717 area code.

After much discussion and paying close attention, we have also learned that just about every town here (other than CarLISLE) has the accent on the first syllable ... GETTYSburg, LANcaster, EFFrata (Ephrata), REDing (Reading), HANover... and they are all worth visiting. It may not be “the best year of your life” but this area offers you the opportunity to make it a good one! Welcome and enjoy!

From those who have come and gone before...  
...and had a GREAT time!!

Keeping this book current is an ongoing process.

After your arrival, if you find that numbers have changed or an entry needs to be added or deleted,

please forward that information to: Joe York

Joseph.York@carlisle.army.mil . MANY THANKS!

## CHAPTER 2

### CALENDAR OF EVENTS

#### **ARMY WAR COLLEGE and POST EVENTS:**

There always seems to be something happening at Carlisle Barracks. When you are not attending seminar events you will have plenty of post events to keep you busy. You may have heard that the students are at Carlisle on the “Athletic Scholarship.” You may very well believe it with all the sports available to them.

The list below is to help you plan your stay by letting you know what is ahead. Please note that publicity and the information network is not always what it should be, so if there is an event listed and you haven’t heard anything, ASK!

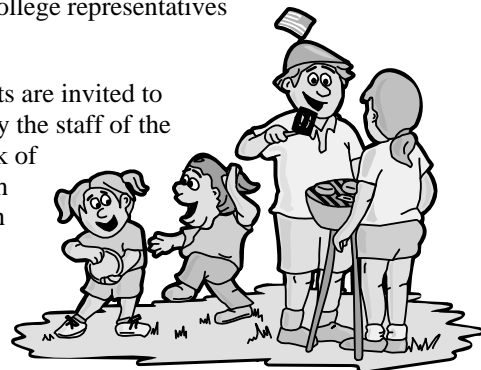

Attend as much or as little as you choose, but plan to have fun.

**STUDENT & SPOUSE BRIEFING** (August) – this all day event is held at Bliss Hall and is for adults only. Commanding General, Garrison, and other key and essential people from around post will be on hand to welcome you and give you a heads up on the up coming year. *This posed a problem for some families with small children. Youth Services has a listing of certified babysitters in the area.*

**THE COUNTY FAIR** (August) – this is well worth attending. Post organizations, as well as local merchants, will be on hand to let you know what is available in the area. Bring the whole family, you will have an opportunity to sign up for classes, trips etc. You will also have an opportunity to speak with local and distant college representatives at the Education Fair.

**STUDENT HEALTH ASSESSMENTS-** (August-September) – All resident students are invited to participate in a comprehensive Executive Health and Fitness Assessment provided by the staff of the Army Physical Fitness Research Institute (APFRI) which focuses on reducing the risk of cardiovascular disease in the over 40 age population. APFRI also offers similar health and fitness assessments to student spouses in October and provides a variety of health and fitness classes throughout the year which are open to the community.

**LEADERSHIP FEEDBACK PROGRAM-** (August-September) – All U.S. Army War College students are encouraged to take advantage of a comprehensive self-assessment of their leadership style and behaviors. The program is designed to increase self-awareness and, consequently, increase effectiveness as a strategic leader. The program culminates with a one-on-one leadership feedback session with a highly trained psychologist, providing each student with a detailed assessment of leadership style, and the personality resources that support that style. Sessions are offered to students at various times throughout the academic year.

**WELCOME PICNIC** (August) – Held behind the Letort View Community Center (LVCC), fun for the whole family, competitions, fee for adults, kids eat free.

**CARLISLE BARRACKS SPOUSES’ CLUB SIGN-UP** (September) – Held in LVCC, opportunity to sign up for CBSC membership, classes, clubs, etc. The CBSC plans a December trip to New York for shopping and to see the Rockettes, this is the time to sign up. Reservations go fast!

**WELCOME JAM** (August) – Held downtown Carlisle. Come and meet your neighbors! If you live off post this is a great way to meet people in your neighborhood, kids that attend your school, etc.

**HEALTH DAY-** (August) – The Army Physical Fitness Research Institute (APFRI) brings in nationally recognized speakers to challenge and inspire the students to optimize their health and fitness as strategic leaders.

**SOFTBALL** (August – October) – All students are required to participate, many faculty join in also. Spouses and families are encouraged to attend and cheer for their team. Many teams end each game with refreshments.

**AIR SHIPWRECK BALL** (September) - This event is hosted by the Air / Navy sector and is NOT a ball in the traditional sense but is a real hoot. A central theme is given to the class and each of the seminars devise a skit to be judged at the sports stadium. Some of the spouses dressed and participated, some didn’t. This is a very casual event; shorts or jeans are fine. LVCC provides a buffet with all the beer and soda you can drink. This is an outside dinner with dancing inside the club. The parade is for families but the buffet and dancing are for ADULTS ONLY. The buffet cost is about \$35 - \$40 per person.

**WOMEN'S HEALTH SYMPOSIUM-** (October) - The Army Physical Fitness Research Institute (APFRI) sponsors this two day event aimed at educating women of the community on mid-life health and fitness issues. Student spouses and civilian employees are encouraged to attend.

**VOLLEYBALL** – (October – December) – All seminars are requested to participate, spouses and families are encouraged to attend. All games are in the evening in the Root Hall Gymnasium.

**PA's FINEST** (October) – Hosted by LVCC, over 30 different microbrews.

**ANNUAL JIM THORPE 5K CLASSIC** – (October) Run is held on post.

**NEW YORK CITY TRIP** (September) - The War College takes the students to New York for visits to the UN and Embassies. Spouses were invited to attend. If you would like to go, start planning childcare arrangements immediately. There is more information on the NY Trip. (See pg. 12-13).

**ARMY / NAVY GAME** – (December) – a bus is provided to take you and your family to the game in Philadelphia, pickup / drop off on post, tickets can be purchased at ITR.

**SENIOR CITIZEN'S HOLIDAY TEA** (December) - The whole post gets involved, students are given time off to participate. Individuals are escorted from surrounding nursing homes for an afternoon of entertainment at LVCC. There are various areas to help including: escorting, parking cars, nursing home helpers, entertainment and cookie baking. Plan to get involved; it is very rewarding.

**NEW YEAR'S EVE BASH** (December) – Held at LVCC. Approximately \$30. includes: heavy hors d'oeuvres, dancing, party hats / noisemakers, breakfast buffet.

**CHILI COOK OFF** (January) – This is a major event hosted by LVCC. Many seminars went wild with displays and costumes. Chili sampling, splat consistency, unusual ingredients, skit, and displays were some of the categories for prizes (approximately \$5. a person, included chili buffet.)

**BASKETBALL** (January – March) –played in the evening at the Thorpe Fitness Center.

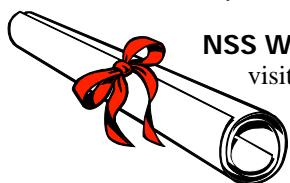

**SOCK HOP** (February) – This is hosted by the civilian students. Plan to bring your letter jacket and poodle skirt. Hula hoop, dance, costume and bubble blowing are a few of the contests (approximately \$20. a person, includes entrance and buffet.)

**CBSC & AWC CLASS BENEFIT AUCTION** (early March) – Event to raise money for the Outreach / Scholarship Fund. Individuals and Seminars are asked to donate items to be auctioned. This is a big event and very worthwhile to attend. Plan ahead, many seminars asked for donations from local merchants, others gave money within their seminar to purchase something to donate. Held at LVCC. YOU MUST BE A MEMBER OF CBSC FOR YOUR CHILD TO BE ELIGIBLE TO APPLY FOR A SCHOLARSHIP.

**JIM THORPE DAYS** (April) - Big sports days, all other War Colleges come to compete in various sporting events. Extends over two days with picnics at the end of each day. Picnic tickets are approximately \$8.50 per person, each day. One held at LVCC and one at the golf course. The committee will have hats and T-shirts available to purchase.

**JOINT BALL** (May) – Traditional ball held to celebrate all Armed Forces off post due to space. Approximately \$45./person.

**WASHINGTON, DC TRIP** (May) – Students only.

**NSS WEEK** – (June) National Security Seminar Week - each seminar plays host to a small group of civilian visitors this week, usually during the last weeks of school. During NSS week, your seminar will sponsor a picnic or luncheon for their guests. Plan early to secure the best location! (No moving appointments allowed this week.)

**GRADUATION** (June) – usually held in the morning at the gazebo, brunch at the club is available, Sunday dress, families encouraged to attend, bring your camera. (For inclement weather event is held at Bliss Hall and seating is limited.)

## MISCELLANEOUS INFO

It seems as if you will **Always be Writing Checks (AWC)** when you get here. Below is a list of some of the expenses you may encounter during your year here. This is just a general idea; many items are not included such as NY trip expenses and extra activities. These are the prices used for AWC '05 and are subject to change.

**Class Dues** – (yearbook, cup & flower, copies, social events - \$125.-US, \$60.- IF) due in early October

**Air Shipwreck Ball** - \$80. a couple

**Class Picnic** - \$10. per person

**Joint Ball** - \$90. a couple

**Class Memento** - (typically a Civil War print) \$75.

**Chili Cook Off** - \$10. a couple

**Sock Hop** - \$40. a couple

**Softball Hat & shirt** - \$20. shirt, Hat- \$8.

This varies for each seminar (many seminars found local sponsors which defrayed costs, plan ahead.) Some spouses also had shirts & hats, think ahead and order in bulk.

**Family photo for yearbook** - \$20. and up if you choose to buy a package deal

**CBSC Auction** – Many seminars chose to donate \$10-\$15 (each person/couple) to purchase a donation for the auctions (others planned ahead and hit the streets for donations.)

**SEMINAR LEADER SPOUSE DUTIES:** The War College class consists of 20 Seminars with typically 16 students (2-3 International Fellows) in each. Each seminar will have one student selected to act as the seminar leader. If your spouse is selected you will be asked to volunteer to assume some spouse leader duties or you may delegate the duties to another spouse volunteer within the seminar. The following are some duties submitted by a previous seminar leader spouse (SLS) that you will be asked to do. The primary responsibility of the SLS is to represent the seminar at the monthly information meeting. The meeting is chaired by the class president spouse and regularly attended by the spouses of the Commandant and Deputy Commandant. Community representatives will brief upcoming events. Meetings usually last one hour. It is then the responsibility of the SLS to pass the information to the other seminar spouses via newsletter, email, coffee / meeting each month or at the monthly seminar social. The copier at USAWC is available if your spouse will make the copies. This is not a difficult nor time consuming job but is important as you are an important information link for the other spouses.

## NEW YORK CITY TRIP

There will be a formal briefing for people planning to go on this trip, usually held in Bliss Hall. Most organizations on post will be available to answer your questions and give you valuable information. **Very helpful - plan to go - adults only.** The U.S. Army War College Library (Root Hall) has books, videos and other information to help you prepare for your trip.

Each seminar has its own bus for transportation to and from NY. Both riders and luggage load / unload at designated spots on post. This information will be available at the briefing. Coordinate with your seminar and plan to bring food and drinks for the trip. Individual coolers worked great on the bus and they must fit under the bus seat.

**Think about babysitting early.** Many students arranged for a family member to stay with their children and the post is very helpful in providing services to them. The gates were manned and areas patrolled regularly. Security checks of quarters were available if requested. Emergency numbers are provided and a hot line is open 24 hours so you can be reached while in New York. **Childcare regulations states: a 13 yr. old may baby-sit up to 4 children, only 2 may be under the age of 2 years, 18 yr. old may stay overnight with other children. For more info see CBks regulation 608-1 which is available through ACS or CDS. CDS provides a list of Red Cross Certified babysitters. Babysitters are given temporary cards for PX/Commissary and other MWR facilities access.**

Take plenty of money with you; everything is expensive. You are provided a room in a very nice hotel in a good location but no meals included. Baggage was handled in a very organized manner. Pick up and drop off was in order of seminar number.

Talk about the NY trip early on with your seminar and decide if you would like to do group activities as they will have to be planned before you leave. If you are planning on attending plays, shows, ballgames, etc. get your tickets before you leave. (check the internet and ITR). It is possible to get tickets at the discount ticket office in Times Square but many shows are sold out. You can see the Yankees play for free at Yankee Stadium by showing your military ID. This will get you seats up high but with a good view.

ITR has discounted tickets to limited Broadway shows. Tickets will be available starting in September at ITR. Tickets are limited. Seminar groups should get together ASAP to order tickets. Also available Thursday night of the trip is a fantastic Dinner Cruise aboard the Spirit of New York at a significant discount. Also available through the Military Ticket Voucher program are 24 and 48 hour passes on the Grayline Tours of NYC. Double Decker tours throughout the city. Many variations of tours available for purchase at a discount only at ITR.

Coat & tie are required for small group meetings. Do not worry about dressing up unless you have special plans. People wore everything from jeans to Sunday dresses to the theatre. Wear good walking shoes, dress for comfort and warmth.

## SUGGESTED THINGS TO DO WHILE IN NEW YORK CITY:

**The Today Show** – get there NLT 5:30AM or you will not get a good place to stand. You will be more readily noticed if you have a sign, flag etc. to catch their eye. (Wasn't recommended by 2003 students.)

**Fifth Avenue** is a must. It's great just to walk the whole thing.

**Macy's** is an experience in itself because it has so many floors (that's about it.)

**Manhattan Mall** – 9 levels of shopping and largest food court in NY (6<sup>th</sup> Ave. & 33rd St.)

**Statue of Liberty & Ellis Island** –Return by subway or walk if you are up to it.

**Empire State Building** – great view, military discount with ID card, long lines up & down

**St. Patrick's Cathedral** is incredible. (near Rockefeller Center)

**Radio City Music Hall** – Box office hours: M – S 10-8, tours daily (6<sup>th</sup> & 50<sup>th</sup> St.)

Group sales - 212-541-9436,

Individual sales – 212-307-7171

**Central Park** off of 5<sup>th</sup> Ave. - good place to run

**Rockefeller Center** – (49<sup>th</sup> to 51<sup>st</sup> Streets between 5<sup>th</sup> & 6<sup>th</sup> Avenues)

**United Nations** – spouses are invited to attend an info meeting there, no tour guaranteed.

**South Street Seaport** – great place to see all the bridges, take taxi from hotel, great shopping

**New York Stock Exchange** – FREE tours, limited number of tickets given out for each tour

**Ground Zero** – no tickets necessary

**Daffy's Department stores** - bargain shopper's paradise. Six locations in Manhattan (more elsewhere) offer the shopper a wide variety of imported designer clothing and accessories at very reasonable prices. Locations are: 5th Ave & 18th; Broadway & 34th; 135 East 57th; corner of Broadway and Grand; Broadway & 57th; Madison & 44th. For more info visit their website: [www.daffys.com](http://www.daffys.com)

Tickets for taping of television shows: ABC – 212-887-3537, NBC – 212-664-3056 or 3059, CBS – 212-975-2476  
GMA was a good deal, tickets needed.

**Caroline's Comedy Nation** – Broadway at 47<sup>th</sup> St.

**Official All-Star Café** – 45<sup>th</sup> & Broadway

**Texas Restaurant & Saloon** - 48<sup>th</sup> & Broadway

## DRIVING DIRECTIONS TO NEW YORK CITY

Take 1-81 N to Harrisburg; take 1-78 N toward Allentown. Stay on 1-78 until you see signs for I-19 and/or Holland Tunnel/New York City. (Always follow the Holland Tunnel signs.) There are two options: Express or Local; either is fine.

The Holland Tunnel is located in Hoboken. You will come to a major traffic light with the Holland Tunnel ahead of you. At this light you must turn left; follow the road underneath an overpass and stay to the right. Look for Central Parking which will be located on your left side. (Central Parking will charge you \$16. a day (that was the rate in December) to park your car. You pay as you give them the car.) From Central Parking walk across the street to the Path Station. The subway (Path) will take you to Manhattan. The cost is \$1. per person and took about 14 minutes to get to 32nd Street. We got off at the Manhattan Mall Terminal not far from the Empire State Building.

## WALKING TOUR OF NEW YORK CITY

We'll start and finish our walking tour near Rockefeller Plaza. This area is very crowded during the holiday season. Don't panic if you get separated from other groups-just follow the directions in this packet.

1. To start your tour, stand at the spot where you'll be looking across the ice skating rink at the large gilded bronze statue of Prometheus. In mythology, Prometheus was one of the Titans and the brother of Hercules. The Titans were a family of Giants with great power and strength. (The *Titanic* gets its name indirectly from them.) This part of Rockefeller Plaza serves as an ice skating rink in the winter and as an outdoor café in the summer. The building in the background is the GE building home of NBC television and radio studios. The flags surrounding the perimeter represent the member nations of the United Nations.
2. Now turn around 180 degrees and head toward Fifth Avenue (away from the skating rink). You will pass through the Channel Gardens so named because they separate a building owned by France from a building owned by England (the UK) just like the English Channel separates those two countries. A spectacular display of Christmas lights is installed here for the holiday season.
3. After you go through the Channel Gardens, turn left onto Fifth Avenue. Stop in front of the International Building to see the Atlas Statue. Atlas, another of the Titans, was condemned to forever hold the world on his shoulders. That's what is being depicted in this statue.
4. Now cross Fifth Avenue at the crosswalk and walk toward St. Patrick's Cathedral. The cathedral's construction began in 1858 and was completed in 1906. Its Gothic architecture is patterned after the cathedral in Cologne, Germany.
5. Enter the cathedral. Unless there is a special ceremony in progress, go down the right aisle toward the front of the church. Then, near the front, turn left; go out the side door onto 51<sup>st</sup> Street. Cross 51<sup>st</sup> Street on Fifth Avenue and head uptown.
6. As you walk up Fifth Avenue, the street numbers will be getting bigger – 52<sup>nd</sup>, 53<sup>rd</sup>, etc. You will be passing some of the most famous and glamorous stores in America. You will pass Saks Fifth Avenue, Cartier, Gucci, Bijan (shopping by appointment only), Godiva's, Elizabeth Arden's (notice the famous red door) and several others. *Refer to your diagram of 5<sup>th</sup> Ave. for store locations.*
7. After you cross 56<sup>th</sup> Street, stop at Trump Tower. Go inside through the shiny brass doors to the pink marble lobby. Walk straight ahead to the atrium. Look up at the waterfall, or take the escalator to the next floor and look at the shops. On the upper floors are the New York apartments (Michael Jackson, Steven Spielberg and the Donald himself.) Exit the building by reversing your route.
8. When you exit Trump Tower, you will be back on Fifth Avenue. Turn right and continue in the direction you were heading before entering Trump Tower. The Disney Store will be coming up, Warner Brothers Store will be on the next block (see enclosed map). These stores carry all kinds of merchandise that is tied in with their movies. The theme in both stores is "Buying is Fun." It's hard to resist all the fun stuff on display. You may also want to save your money for Tiffany's, which is also on this block.
9. Around the corner on 57<sup>th</sup> Street is Nike Town – three floors of Nike products in a state of the art monument to commercialism.

10. The Warner Brothers Store is across 57<sup>th</sup> Street. No matter which store you chose, exit and continue walking up Fifth Avenue. Don't miss the elevator controlled by Superman or Batman.
11. When you cross 58<sup>th</sup> Street, find a crosswalk and cross Fifth Avenue heading toward the Plaza Hotel. The turnaround in front of the hotel will probably be filled with limos. Lots of interesting looking people will be entering and exiting the hotel. Every 5<sup>th</sup> Grader knows that this is the hotel where Kevin stayed in the movie *Home Alone II: Lost in New York*.
12. Enter the Plaza Hotel and just act as if you belong there. Go through the lobby and turn right at the Palm Court (restaurant surrounded by large palms.) Go to the corner, turn left and then make a right into another lobby. Head for the exit and exit onto 59<sup>th</sup> Street, which is also known as Central Park South.
13. You will exit the Plaza Hotel onto 59<sup>th</sup> Street, also known as Central Park South. Turn left as you exit heading away from the large gold equestrian statue. Across the street is Central Park. You may see some of the famous horse drawn carriages that have taken many a character from television, motion pictures and novels for rides through the park. We'll see more of the park later.
14. Proceeding west on 59<sup>th</sup> Street you'll pass Mickey Mantle's restaurant and Rumpelmayer's. Rumpelmayer's is a major New York hangout for kids who love ice cream and stuffed animals. It's been around for a long time. You might remember in the stage show and movie *Annie* that Daddy Warbucks takes Annie to Rumpelmayer's as a treat.
15. Turn left (south) onto the Avenue of the Americas (6<sup>th</sup> Avenue). Across the street you'll see one of New York's many theme restaurants, Jekyll and Hyde's. It all started with the Hard Rock Café (you'll see that later) with its rock n' roll theme. Then Motown Café and the Harley Davidson Café. The most recent theme restaurant is the Television City back at Rockefeller Center. Jekyll and Hyde's is kind of a Disney World's haunted mansion with food.
16. Turn right (west) onto West 57<sup>th</sup> Street. Get on the south side of the street.
17. On the corner of West 57<sup>th</sup> and 7<sup>th</sup> Avenue is one of the most famous concert halls in the world, Carnegie Hall. How do you get to Carnegie Hall? Practice, practice, practice...
18. Mr. Weidner used to apartment sit for his brother-in-law who lived in the big building that's located diagonally from Carnegie Hall. Some may remember this building (the Osborne) as the one in which actor Gig Young killed himself and his young wife. Dick Clark owns an apartment in this building as do other celebrities.
19. Turn left (south) onto 7<sup>th</sup> Avenue. Head south on 7<sup>th</sup> Avenue. The street numbers should be getting smaller. When you reach 53<sup>rd</sup> Street, turn left (east) and head toward the Avenue of the Americas. Turn right (south) on 6<sup>th</sup> Avenue toward 50<sup>th</sup> Street. You'll pass Radio City Music Hall on the corner of 6<sup>th</sup> and 50<sup>th</sup>. They have a wonderful Christmas display.

## STUDENT RESIDENT'S COMMENTS AND HELPFUL HINTS

COLLEGE ARMS: "Smurf village (term of endearment) is a well-deserved name, the smallest kitchen you will ever have (except for a few that have been renovated, only these include dishwashers). Definitely need to leave a good amount in storage. There are lots of kids in the neighborhood, so your kids will have plenty of playmates. It is nice to have a single family home. Adequate laundry room (bring your own washer/dryer), room in the laundry room for an extra refrigerator."

YOUNG HALL: "Communal living, stairwell style, fun! Apartments vary considerably in both size and layout. Store as much as you can do without, or you can store what doesn't fit AFTER you move in (if you don't get a storage shipment beforehand.) "Apartments in center tend to be dark, one "Bay" has balconies in back; all others are in front facing the sports field. Some have very small kitchens; some have portable dishwasher faucets. Air conditioning is by window units so bring fans."

"Electrical outlets are not abundant, plan to use extension cords and multi-plugs. Extra shelves are handy as are cabinets to hold linens, etc.. Overhead lighting. Storage rooms for each apartment in the basement, the smaller apartments have larger storage rooms."

"Steam heat, good hot water, outdoor stairs to second floor apartments. For those with small children, housing suggests bottom floor for safety reasons. This works out well for riding toys, etc. Each apartment has one designated parking spot behind the building; overflow is across the street in Garrison Command parking lot. There is a "usage" lane to drive up and unload groceries or other items and then park elsewhere."

FORBES AVENUE: Built in 1939/1940 these houses are quite quaint and very nice looking from the outside. Each has wood floors, fireplace, sunroom, garage and basement. They are approximately 1300 square feet, excluding the basement. Room size is fairly small (to include closets); third bedroom is tiny. Basement accommodates washer/dryer, freezer, refrigerator and extra storage space. Extra room in basement can be used for TV room. The kitchen has a garbage disposal, dishwasher and although it might seem small has lots of cabinets. Closet space is very minimal.

MARSHALL RIDGE: "Don't bring everything, but you will be pleased with how much will fit into these quarters. I put too much in storage - I should have brought more. A nice, quiet street with adequate housing for an 11 month stay. Air-conditioned, windows have shades but most units do not have carpeting. Have dishwashers but no disposal."

GARRISON LANE / ROYAL AMERICAN CIRCLE: "Garrison Lane is a terrific place to live. We have quarters that have more than 2500 square feet. The many windows allow for a perfect light in all seasons. These quarters were built in the 1940's so if someone tells you they're historical, no. I have a front yard that looks like a golf course and it was. Many of us still sink shots into the 4 acres in front of the house. We have a huge basement that is sub-divided into 3 parts. It makes the perfect rec room for the kids. The walls that subdivide the duplexes must have been well insulated. We hardly ever hear anything on our neighbor's side. The sunroom that was added on is where many people make their TV rooms. It's a cold room in the winter and we can't ever seem to get the heat just right. Oh yes, last, there's the attic. It's very large and well lit. In fact, it's just too big. We are ever acquiring more junk. The kitchens were designed for small families. They have, however, incorporated as much cabinet space as possible. Probably the worst part about this house is that you have to enter from the kitchen. Everyone thinks this is the front door because it's on the side of the street. Of course it's always the messiest side for us."

OVERALL COMMENTS: "Bring your Christmas decorations - this post likes to do Christmas." "A very beautiful post and a safe environment to give my children a bit more freedom." "Don't need two cars if you live on post. AWC students walk to class."

HALLOWEEN CANDY: Here are some estimates for candy distribution based on the past few years. Smurf – 350-400, Forbes Road – 300-350, Garrison Lane – 100-200, Bouquet Road – 200.

- **Many stores in Carlisle offer Military discounts: (i.e Burger King, Lowe's, Home Depot, Kentucky Fried Chicken, and Dunham Sports. Dunham also offers AAA discounts**

## CHAPTER 5

### SCHOOLS

*The most specific information is provided for the Carlisle schools since the majority of our children attend here. However, the other three school districts require similar records for registration and sports.*

We are pleased to report that the public and private school systems in the Carlisle area provide for a quality educational experience. The majority of our children attend the Carlisle Area School District, which in 1996 was ranked by Money Magazine as one of the top 100 public school systems in the country. In 2000 the Carlisle Area School District was selected by the Pennsylvania Department of Education as one of three school districts in the state to be awarded a four million dollar grant to develop a digital school of the future. As a result the Fowler Educational Technology Center was opened on the High School Main Campus in 2003. There are 7 elementary schools, 2 middle schools and 1 high school.

Initial registration for all students attending any Carlisle Area District school should be completed online before arrival at the Carlisle Barracks. As soon as you know you are coming to the AWC/CB begin coordinating with your present counselor and the Carlisle Area School District Student Registrar (Ms. Jane Schmeck at 717-240-6800, ext. 17803, [schmeckj@carliseschools.org](mailto:schmeckj@carliseschools.org)). Students, regardless of grade entering, can register M-F from 0830-1130 and 1300-1500 at the Student Services Office, 801 S. Hanover Street.

**Please note:**

Call the registrar's office before going to ensure that someone is in the office to register your students. Parents should hand-carry shot records, school transfer records, birth certificates, and any special paperwork, such as IEPs, standardized test results, letters for college recommendations from teachers & coaches, and course descriptions from your previous school.

**These records are required for the registration and enrollment process:** Birth Certificate, Social Security Card, and Immunization Records (pg. 30.)

**PLEASE NOTE:**

The Carlisle School district assigns our (on post) Elementary and Middle School children to certain schools in late August. If you have a preference, you can make a specific request when you register your child. Every effort is made to grant your request, but there are no guarantees. The decision will be made on quarters' assignments, bus schedules, class sizes and number of children per family. Representatives from the War College are present to insure fairness at the school assignment session. After receiving your Middle School assignment, go to the school and set up the club electives.

Physicals are required for EVERY sport played at the Middle or High school level. These physicals MUST be obtained within 45 days of the start of the sport, and by a PA physician...so don't bother getting that sports physical BEFORE you leave your current duty station; you'll just have to do it again here. Physicals are FREE and done on a first come, first serve basis during two consecutive Thursdays at the High School McGowan Gym. Don't forget to get a physical form at school registration. Physical forms are not always available during the physicals.

**BASIC INFORMATION:**

- All classes begin the Monday **before** Labor Day and end the month of June (end date depends on snow days used)
- **School bus fee:** No fee charged for transportation to Carlisle Area School District Schools.

- age appropriate dose(s) of varicella (chickenpox) vaccine or history of chickenpox disease
- proof of immunization is defined as written verification of day, month, and year of administration of each dose above

Each student enrolling in the Carlisle Area School District from another school in the state of Pennsylvania must present the "Certificate of Immunization" which was completed by his/her previous school nurse. The Department of Health regulations indicate that this certificate is to be hand carried by the parents when a student transfers from one school to another. It is the parent's responsibility to secure this certificate from the student's previous school of attendance and present it to the registrar at the time of registration. No student will be admitted unless he/she is in full compliance with the law. Each student enrolling in the Carlisle Area School District from a school district outside of the state of PA must present his/her immunization records at the time of registration in the district. These records will be reviewed by the registrar who may give an unofficial indication of adequacy. The records will then be forwarded to the Head Nurse for official review.

[Jacqueline.Schultz@carlisle.army.mil](mailto:Jacqueline.Schultz@carlisle.army.mil)

## **BUS TRANSPORTATION**

School bus service is provided by the Carlisle School District. Buses are routed through town and Carlisle Barracks to stop at established loading and unloading points on a fixed schedule. This schedule is published in the local paper (The Sentinel) close to the beginning of school. Carlisle School District buses transport children residing on Carlisle Barracks that attend St. Patrick's School. A private bus transports students attending Trinity High School. Questions relating to the operation of the Trinity bus should be referred to St. Patrick's Rectory at 717-243-4111.

### **SCHOOL BUS RULES**

(These rules also apply to all field trips, athletic, and band trips)

1. All Students riding the school bus should be at their bus stop five (5) minutes before the scheduled arrival of the bus.
2. Students should conduct themselves in the same manner as when in the classroom, except for normal conversation. The bus driver has the same authority as a teacher in the classroom. **Disrespect for the driver will be considered a serious violation.**
3. Students must remain seated while the bus is in motion, and wait for the bus to come to a complete stop before getting on or off the bus. Drinking and eating is not allowed on the bus.
4. Students must not extend or place their arms, hands, head or other items out of the school bus windows.
5. Students must not damage or tamper with any parts of the bus or equipment or use the emergency door, except in the case of an emergency. Parents will be held financially responsible for any willful acts of destruction.
6. Horseplay, fighting, uses of vulgarity or profanity, throwing articles or trash in or out of the bus, or other behavior which distracts the driver is considered improper conduct and is not permitted. Fighting on the bus or at a bus stop may result in an immediate one (1) week suspension and possible charges.
7. Students are not permitted to bring or use any of the following items on the school bus: Live animals, weapons, (or items which may inflict bodily harm) controlled substances (drugs), alcohol, tobacco, water pistols, or items used to shoot liquids.
8. Aisles must be kept free at all times, items which are too large for the student to hold on their lap, including musical instruments or projects are not permitted. Students may not block the aisle with their feet or possessions.
9. Students may not leave the bus for any reason, or get off at a location other than their assigned stop without a school bus pass. Students may not change buses without a bus pass.
10. **Any conduct that endangers the safety of other students, the school bus driver, or other motorists will be considered a severe violation and could result in the immediate suspension of school bus riding privileges.**
11. All school buses are equipped with video cameras which are used to record both student actions and student conversations.

## ELEMENTARY SCHOOLS

There are 7 elementary schools in the Carlisle District. Students are assigned to a selected school after registrations are complete. New student orientations are held one or two weeks before the start of school. Information is sent home in the mail in August or you can call the registration office at 717-240-6800 ext. 17803.

Orchestra and band instructions are offered throughout the school year depending on grade level.

The gifted education program in the district is called Academically Challenging Topics, or ACT, and is accomplished through separate in-school classes attended by the ACT students during their normal school day (in both elementary and middle school). Following the second grade, students are identified and admitted into the *ACT program* according to state guidelines. *If you are new to the district you can request a testing date when you register your child with acceptance into the program (this takes approximately a month.)*

## MIDDLE SCHOOLS

Lamberton and Wilson are the two schools which make up the Carlisle Middle School program. If your child plays an interscholastic sport, they are organized with students from the two buildings forming one team. The same is true for special music performances.

The middle schools are unique in that they have a 6-day cycle. For half of each day a group of students and their teachers meet in the classrooms of the “pod” area for English/language arts, social studies, mathematics, science and reading instruction. The majority of the remaining time is devoted to instruction in physical education, music, art, creative living, technology education and health. All students are assigned an advisor and advisory groups meet regularly. There is also time within the 6-day cycle devoted to instrumental or vocal music rehearsals, and special interest clubs. Clubs for new students to the district, as well as 6<sup>th</sup> grade students will be chosen by these students on the first day of school.

A limited number of 8th grade students are offered Algebra I. The student must have a B+ in seventh grade math and score a 90 or better on the Orleans-Hanna Algebra Prognosis Test (offered at Wilson MS in early August.) This program is currently being updated regarding requirements and location. If your student has already taken Algebra I in 7<sup>th</sup> grade, please contact the middle school counselor.

Foreign language is offered beginning in seventh grade. A student is able to complete a half-year of French, German or Spanish in the seventh grade and the second half in eighth grade. Enrollment is limited to students entering the 7th grade unless your 8th grader has already started the program in another school. Students enrolled in the reading support program are not eligible for a foreign language.

Orientations for new students and their parents will be held at Lamberton and Wilson Middle Schools in late August.

**NOTE:** Your child's new best friend next door and their buddy down the street could possibly all go to different schools. The children don't seem to have a problem with this once school gets started.

## Carlisle Middle School & High School Summer Reading Program

**All students entering grades 6-12 are given the opportunity to participate in a summer reading program that is established by the English Department within the district.** Students new to the district may obtain a copy of the list by going to the district website, [www.carliseschools.org](http://www.carliseschools.org). The Registrar will also give each new family a reading list during registration.

All students are strongly encouraged to purchase their own books; however, a limited number of loan copies may be available at these locations during the summer:

Students entering grades 6, 7, 8, and 9: Middle School Offices. See the Secretary.

Students entering grades 10, 11, and 12: Fowler Library. See Mrs. Sroka.

**Please call before going to the school to insure that someone is in the office/library to assist you.**

## HIGH SCHOOL

There are two buildings that serve the 9th, 10th 11th and 12th graders of the Carlisle Thundering Herd (school colors - green and white; mascot is the Bison). The Swartz building houses the 9th and 10th grade homerooms and the McGowan building houses the 11th and 12th grade homerooms on one campus. Many students travel between the buildings during the day for common classes, programs and services. Enrollment is approximately 1600 students with 120 professional staff and 50 support staff members on campus. The telephone number for the Guidance Counselor is (717) 240-6800 ext. 26815 (grades 11 & 12) at McGowan and (717) 240-6800 ext. 27820 (grades 9 & 10) at Swartz.

**FOR SENIORS:** Each year Carlisle enrolls 40 or more new seniors. Many will be applying to colleges early in the year. Most college applications require teacher and counselor recommendations. If there is a special counselor, teacher or administrator in your current school that knows your child and his/her talents, skills and aspirations, request a "college recommendation" from them before you leave.

**FOR JUNIORS:** Many physicals are required this year with the most important being the 11th grade physical as required by law. Other physicals are required for a work permit, driver's permit, and sports (fall, winter and spring). We encourage you to incorporate many of these requirements into one physical by providing the physician with the necessary forms to be signed all at once. The 11th grade physical can often be used for both work permits and driver's permits but sports physicals are provided at designated times by the Carlisle School District and are valid for only ONE season. The sports physical CANNOT be used to fulfill the 11<sup>th</sup> grade physical requirement.

**SPECIAL PROGRAMS:** Honors courses are available in English, science and foreign language. Advanced placement courses are offered in mathematics and social studies. An early admission program to Dickinson College is also available to qualifying students. Trade and industrial courses including work experience programs are also included in the school's program of studies.

**If your child is presently in a gifted program please contact Dave Apgar or Rita Warren 240-6800 ext. 17814/17815 before 1 April to enroll your child in the district's Academically Challenging Topics (ACT) program.** (The district requires 45 school days to process an application for this program and must comply with state rules requiring a series of tests and evaluations before an application will be considered. If you wait until your arrival to have your child tested you could delay admission into the program until November.) If your child has completed honors courses bring the course description with you for registration. All honors courses are NOT automatically accepted for GPA.

### **SPORTS, CLUB and ACTIVITIES:**

Carlisle High School offers 16 sports for boys and/or girls over the fall, winter and spring seasons. It is recommended that for fall sports you call the high school to find out about early try-outs and sport camps. Some camps/clinics are held at Messiah College and Shippensburg University. For questions relating to physicals and fall athletics, please call Mr. George Null, Athletic Director, at 717-240-6800 ext. 26837.

There are 60 clubs and activities ranging from National Honor Society to music, art and reading to environmental and volunteering to sports and cooking to S.A.D.D. Thundering Herdpage: Carlisle High School has its own web site at <http://www.pa.net/casd>. You will find up to date material published by the students and teachers with the approval of the school.

Any students interested in band are asked to contact Mr. Dave Rohrer at 717-240-6800 ext. 26008, [rohrerd@carliseschools.org](mailto:rohrerd@carliseschools.org) for information in regards to Band Camp, marching band and concert band. It is important that students interested in marching band contact Mr. Rohrer as soon as possible. Marching band members need to audition and the number of members are decided upon in June.

**NOTE:** The physical education uniform for the high school and middle schools must be purchased before the school year and consists of Kelly green shorts (sweatpants for winter) and a plain white T-shirt. The school may recommend getting the T-shirt with "Carlisle" written on the front. This is not necessary and tends to make the military children stand out as "newbies." **Green shorts are hard to find in Carlisle so buy before you come if possible.**

**NOTE:** The schools offer five pre-arranged excused days off per year for students and many families plan their vacations around these days. But some outside school-related activities (such as: History Fairs, some field trips etc.) will require use of these days. Also if it is a bad winter many of these days will be used as snow days.

### **VIRTUAL LEARNING COURSES**

Carlisle Schools offer courses in a virtual learning format. These courses are used to augment the school's traditional curricular offerings and serve the needs of both traditional and non-traditional students. Please visit the CASD's website for more information.

**NOTE: When snow and ice arrive here in Carlisle, the easiest way to determine whether the kids have school is to watch the local television channels.**

**They are as follows:**

**WGAL-Channel 8  
WITF-Channel 33**

**WHP-Channel 15/21  
WPMT-Channel 43**

**WHTM-Channel 27**

## **HOME SCHOOLING**

To home school in the State of Pennsylvania, generally you must register with your local school district each year by August 1, by filing an affidavit. You may obtain a registration packet at Carlisle Area School District offices, 623 W. Penn St., Carlisle (717) 240-6800 or at the School Liaison Office in Building 637 on Carlisle Barracks. Presently PA law does not require any administrative action with the school board unless the student is eight years old. A summary of Pennsylvania's home school law can be obtained online at [www.hslda.org/central/states/pa/laws.html](http://www.hslda.org/central/states/pa/laws.html). Other home school information particular to Pennsylvania can be found at the Christian Home School Association of Pennsylvania at [www.chapboard.org](http://www.chapboard.org). There are two local home school groups, CHEA, Carlisle Home Educators Association, contact Karen Crutcher, (717) 243-7215, and Harrisburg Homeschoolers / West Shore contact, Caroline Loy (717) 975-0786.

The law is subject to change. A recommendation was made to connect with the Home School Legal Defense Association at [www.hslda.org](http://www.hslda.org) or (540) 338-5600 in Purcellville, VA which provides legal assistance to home schoolers.

Carlisle Schools meet Pennsylvania requirements relative to standards. Students are required to take Physical Education, Safety Education, Driver's Education, and Pennsylvania History. In addition, 11<sup>th</sup> grade students must complete a graduation project. The above state requirements are non-negotiable and vary from school district to school district.

More information concerning state requirements may be found at the Pennsylvania Department of Education website – [www.pde.state.pa.us](http://www.pde.state.pa.us)

## **INTERNATIONAL FELLOWS CHILDREN**

### **Welcome to the Carlisle Barracks!**

What a wonderful opportunity Carlisle students have in meeting and making friends with the children of other countries. This is also a chance for the International Fellows children to make long lasting friendships with children from the United States both military and civilian. Army War College students and their spouses love the year they are here.

Two days are set aside to register all International students attending the Carlisle Area School District regardless of grade. Birth certificates, passports and immunization records are needed to register. Registration is held in the cafeteria at the Swartz Building. Bring as much information of previous classes and examinations as possible. Students are given the registration date when they in process at Carlisle Barracks or you can call the district office at 240-6800.

International students living outside of the Carlisle Area School District need to call their locally assigned school district to get information on where and when they can register their children for school.

Everyone knows that moving to a new school for one year is hard on all of our children, but wouldn't it be nice if they could have as positive an experience as their parents? Please talk to your children about the benefits and opportunities this year can bring.

## CHAPTER 7

### SISTER SERVICES

Carlisle Barracks is a very diverse post with contingents from all services and many international regions. To help you understand Carlisle Barracks a little better, we have tried to translate the different military jargon for you.

The US Army War College is a part of TRADOC (US Army Training and Doctrine Command) and is a tenant of the Barracks. The AWC Commandant is the ranking officer and Commanding General on post. Under him fall the Deputy Commandant, the Deputy Commandant for International Affairs, the Academic Dean and the Chief of Staff. The Garrison Commander is the overseer of Carlisle Barracks facilities including Housing, the Commissary and Exchange, Dunham Health Clinic, Child Development Center, Youth Center, ITR, and other Morale, Welfare and Recreation (MWR) activities.

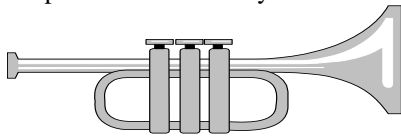

Carlisle Barracks is an Army Post and as such adheres to the basic military traditions involving raising of the American flag in the morning, retreat and lowering of the flag in the evening. The bugle call signals when the flag will be lowered in the evening (usually at 5pm). The cannon near the stadium is fired and all eyes are fixed on the flag flying atop the tallest flagpole on Post, in front of Root Hall behind the stadium.

When the flag is raised or lowered military members in uniform salute. If in civilian clothes they are expected to stand at attention. All others (military in casual dress, spouses, children, foreign officers, civilians, visitors, and their families) are asked to stand quietly. If driving on post at the time, you should stop the car and wait until the retreat call has ended. All occupants are expected to get out of the car, stand at attention and face the direction of the flag

Most often, newcomers to this Army tradition will encounter Retreat during our seminar softball games or coming and going to functions on Post. Please follow your fellow Army families' lead in paying reverence to our flag and encourage your children to do the same.

#### CARLISLE BARRACKS BUGLE CALLS

At one time bugle calls told what was going on within the garrison. "Reveille" sounded in the morning as a command to wake up and start a new day. "Work Call" traditionally means go back to work. "Retreat" signals lowering of the flag.

"Tattoo" quiet or lights out. "Taps" means lights out.

#### **Monday – Friday**

6:30 am – "Reveille"  
8:00 am – "Work Call"  
1:00 pm – "Work Call"  
4:30 pm – "Recall"  
5:00 pm – "Retreat" and "To the Colors"  
9:00 pm – "Tattoo"  
11:00 pm – "Taps"

#### **Saturday**

5:00 pm – "Retreat" and "To the Colors"  
9:00 pm – "Tattoo"  
11:00 pm – "Taps"

#### **Sunday**

9:15 am – "Church Call"  
11:00 am – "Church Call"  
5:00 pm – "Retreat" and "To the Colors"  
9:00 pm – "Tattoo"  
11:00 pm – "Taps"

The Army War College tends to be a very social atmosphere and is a blend of many people from differing military services and countries. Please never assume that children are invited to functions and try to make child care arrangements and contacts soon after your arrival. The Child Development Center (CDC) is usually quite cooperative in their hours of operation for AWC events, offers excellent care and is quite affordable.

Remember, although Carlisle has a very small town feel and is quite friendly and safe, children MAY NOT BE LEFT ALONE AT HOME under the age of 12 and any child under the age of 10 should not be left alone in a car. For our International Fellows who may not be used to using childcare services, talk to others in your seminar about the ages of your children and they can be quite helpful in locating childcare. There are usually a lot of responsible teenagers among the AWC student body families. Refer to CBks Regulation 608-1 which is available through ACS or CDS .

**FACILITATING, LEADERSHIP, AND GROUP SKILLS** Workshop  
Strategic leadership and readiness seminar given for spouses covering group dynamics, interpersonal relationships, personal discovery and personal interaction among spouses who have experienced many of the same things that you have!

After breaking into small groups, the facilitators guide discussions and activities helping you to understand how groups form and function, the learning process and among other things, how and why you may react the way you do and how that may be different from the person sitting next to you. It is a great way to get to know some other spouses (quite well!) and develop skills to use in future “command spouse” positions, other military and civilian applications and, most importantly, at home with the family!

The Carlisle Fish & Game Association was established in 1944, dedicated to the enhancement of shooting, hunting, fishing, and conservation. The club serves more than 2000 members from Cumberland County, the surrounding area, and several from out of state.

The club provides: Trap, Skeet, Sporting Clays, 5-Stand, Archery, Rifle Shooting, Pistol Shooting, & Fishing. The Club also conducts hunter safety education. The club hosts several classes each year, scheduled by the PA Game Commission. Volunteer instructors conduct the courses.

The club has five trap fields, two skeet fields, a sporting clays course, and a 5-stand. Behind the clubhouse is a four-acre lake that is home to bass, panfish, and trout (stocked each spring for the season opening). Behind the lake is the archery field course that meanders through the woods on well maintained grassy trails. A tower allows hunters to safely practice tree stand shots. The course is also used for 3-D shoots and a moving deer target was added for more realistic hunting practice. Over the ridge from the archery course is the rifle range. This beautiful facility offers shooters the opportunity to practice out to 300 yards. A covered firing line offers all-weather participation.
